

Wedding Information and Price Guide for Twigs

At Twigs we can help you with all aspects of your flower needs for your wedding day from your bridal flowers to your venue flowers.

Our Wedding stylists have had a combined experience of 35 years in creating the perfect flowers for your special day. At Twigs we believe in the finest quality of flowers and foliage and freshest available and won't compromise quality for price, on auction you may buy 1st, 2nd, 3rd, or 4th grade. 1st grade the flowers are perfect beautiful heads straight stems without a blemish, 4th grade the heads are smaller often marked, low petal counts and weak stems, you may get a cheaper quote somewhere else as some florists don't mind using other grades. At Twigs we only use 1st grade as it is a very special day and it just is not good enough if the flowers you order die or wilt which has happened.

On your special day Twigs will guarantee that your flowers will be ready for you in perfect condition no bruises of blemishes, we also offer a personalised consultation and quote so that all expenses on your wedding day are budgeted and covered.

We take 3 weddings a week so the utmost attention is given to your flowers we book up very fast as we offer the only the best.

It is a \$50 deposit upon booking which is non refundable and that will save your spot, we get booked out fairly quickly and often have weddings booked a year in advance, when you choose your florist if it is us book us as soon as you know. You don't need to know what flowers you are having just that you have us.

Choosing your bridal flowers a couple of things to keep in mind

Flowers are your accessory -*in the photos you don't want them to dominate or distract from the detail in your dress and your bridesmaid dresses*

Is there a colour theme throughout your wedding? *We can link in your bridal flowers to your table flowers and or church flowers so that everything ties in*

Do you want a trailing bouquet or a posy or something else? *We can guide you towards the perfect style to compliment your dress with our personalised consultation*

Does the groom/ groomsman wear a boutonhole? *Depending on what they are wearing traditionally the men do wear a boutonhole often the groom's is slightly different to the groomsmen to link with the bride's flowers*

Does the person giving me away wear a boutonhole or corsage? *Traditionally the person giving the bride away does as it is a very important duty and it links them into the bridal party*

Do the mothers wear corsages? *Traditionally they did as dressing for weddings was a lot more formal ladies wore suits, hats and gloves and a flower pinned to their lapel as fashions have changed and lighter fabrics are used so it is down to personal preference if a corsage won't work and the mothers want flowers a couple of options are a bracelet of flowers or flowers for your hand bag.*

If you are getting married in another town it is no problem at Twigs we can package up the wedding flowers accordingly to travel and they will be fine

Your table flowers/ and Church flowers

Do you have a colour theme in mind?

Do you want your table flowers to match or link in to your bridal flowers?

Do you want the flowers low so people can see over them or high and tall above the table?

Do you have vases or containers for the table? *We can supply you with vases for hire all shapes and forms we can also arrange the flowers in them so that on the day of the wedding all they can just be placed on the table*

Does the venue or church need flowers anywhere else? *We have a range of urns large vases and pillars that can be hired and filled with flowers*

Do I need someone to set up and decorate the tables? *On your wedding day you can delegate to family members and friends to do the set up for you or we can travel to the venue and decorate for you*

Decorations for your cake

Is your cake going to have fresh flowers or icing flowers or something else? *We can do fresh flowers on your wedding cake either on top or around it to link in to your theme*

Wedding bouquet price guideline

This a broad range of styles and prices flowers may vary in price according to season and availability colour and the person's individual size

Trailing bouquet

This is a traditional and elegant style it starts off with the shape of a posy and then can either dramatically or softly cascade down the dress

Prices can range from \$150-300

Posy style

This is a more commonly chosen style and is round in form can have foliage through or grouped around the outside

Prices can range from \$130-250

Bound flowers

*This is a very simple style and showcases one flower can look very striking in its simplicity
Prices can range from \$90-190*

Wired flowers

A very traditional styled bouquet where every single flower or piece of foliage is individually wired florists used to think that wedding flowers would last better wired and in a holder and many old school florists still do them to this day but there is no proof to show that wiring makes a difference you are charged more for the florist time as oppose the flowers

Prices can range from \$200-400

Buttonholes for the men

*At Twigs our buttonholes are a work of art with intricate wiring and accessories
Prices can range from \$15-\$20*

Corsages for the ladies

At Twigs our corsages are given the look of distinction with intricate wiring and embellishments they can be made to coordinate perfectly with the ladies outfits

Prices can range from \$25-35

Wristlets

For the lady who would prefer a flower bracelet delicately wired with embellishments

Prices can range from \$35-\$40
